

SmartMoney.com's Mutual Fund Compare

SmartMoney's Fund Compare lets you view mutual funds side by side to see how they stack up against each other according to key statistics. Fund Compare allows investors to spot strengths and weaknesses to influence potential investment decisions.

KEY FEATURES AND BENEFITS

- Create custom views in HTML or Java
- Drag and drop columns and set colors to help identify winners and losers
- Add and remove funds to easily compare fundamentals side by side
- Import funds from your portfolio or watchlist
- Save your personal settings and information
- Reduce time needed to analyze large amounts of data

Fund Compare is completely customizable. Licensees can change the look and feel, alter the data that's displayed or even have the tool load pre-selected funds.
