

SmartMoney.com's Stock Screener

Sift through more than 8,000 stocks using our powerful screening tool and discover investments that otherwise may be overlooked. Use our Stock Screener to devise your own formulas or run a proprietary SmartMoney Screen.

Find the best stocks on the NYSE, NASDAQ and AMEX exchanges using specific criteria, or select from several pre-set screens to get started quickly. The Stock Screener will identify the perfect set of stocks, based on over 100 different criteria – from percent held by institutions to PEG ratio.

HOW IT WORKS

This flexible stock-research tool sifts through a database of more than 8,000 companies using more than 100 different variables. From stocks with the lowest P/E Ratios on the market to the highest growth rates, search out the type of investments that may fit into a particular strategy. Finally, visualize your selected stocks and compare one-year performance with our innovative thumbnail charts.
