

SmartMoney.com's Dynamic Compare Module

SmartMoney.com's Dynamic Compare tool feature within Stock Profiles provides evaluations on key statistics for up to 50 different stocks.

To access the tool, users click the "Compare" button within various data tables within specified Stock Profile tabs. This results in a pop-up window containing the data of the associated table for the original stock. The user will then have the option to compare the same data on up to 50 stocks.

KEY FEATURES AND BENEFITS

- Evaluate stocks on key measures as forward P/E, profit margin and earnings growth
- Compare price information, ratings, valuation, profitability and more
- Select up to 50 stocks
- Import portfolio and watchlist tickers
- Create custom views in HTML or Java
- View multiple tables on a single page
- Save tables for future use
